

LLORENSGMR ENVIRONMENTAL POLICY

Purpose

This policy establishes LlorensGMR's environmental principles, commitments and objectives to ensure responsible environmental management and minimize impacts from our industrial waste transport, handling, recovery and recycling activities.

Scope

Applicable to all operational plants, employees, contractors, suppliers and partners.

Principles and commitments

- Full compliance with environmental legislation.
- Minimization of environmental impacts.
- Promotion of circular economy.
- Protection of the environment and future generations.
- Responsible use of energy, fuel and water.
- Shared responsibility across all personnel.

Corporate objectives

- Reduce overall environmental impact.
- Promote reuse and systematic recycling.
- Integrate environmental criteria into new plants and processes.
- Improve resource consumption through monitoring.
- Select responsible suppliers aligned with sustainability.

Review

Annual review within DC-06 or when regulatory changes occur.
